Please keep in mind the following Best Web Practices guidelines:

- A. White backgrounds for text areas provide greatest readability for all ages and eyesight capacity.
- B. Colors should be used as accents not bold backgrounds.
- C. Animated graphics can be fun but since they slow down page loading and can be distracting, they should always be used sparingly and set up so they can be bypassed for speed.
- D. Visual clutter can dilute your message. It's best if you focus on one graphic, one logo, one page element, rather than trying to crowd too much onto any one page.
